

Hello!

Congratulations on your engagement and up-coming Wedding!

My name is Shawn Kettner, owner/operator of Kettner Music Services. We are a multi-unit, full service Mobile DJ and Karaoke Business that entertains at over 150 Weddings, Anniversaries, and Christmas Parties every year.

When hiring a DJ it is important to know what is or is not provided, so be sure that you know what you are paying for. For your convenience I have included a detailed list of our services for a Wedding Reception.

One piece of advice I would offer anyone shopping for a music services provider is to find out what is or is not included with the price. Anyone who simply rattles off a dollar figure but does not explain what it means is something to watch out for; either because they don't have services that you might want (lights, request cards, a backup plan, etc) or they want to up-sell you with extra charges the week of the wedding date when it is much too late to make alternate arrangements. You should also make a point of speaking directly to anyone you are considering; anyone can be anything behind a keyboard but it is easy to separate the professionals from the "weekend warriors" after a brief conversation.

If you would like a quote, have any questions about our services, or would like to check availability, please do not hesitate to call anytime or e-mail by clicking [here](#). Once again I would like to extend my best wishes and I look forward to helping you make your Wedding everything it can be.

Sincerely,

Shawn Kettner

When asked what they remember about a wedding reception, in survey after survey people always say "The Party" and if they enjoyed it. Don't trust your memories and the biggest part of the day to just anyone.
